MaxCyte to Present at 2019 Jefferies London Healthcare Conference

Gaithersburg, Maryland - 14 November 2019 - MaxCyte (LSE: MXCT, MXCS), the global cell-based therapies and life sciences company, announces that President and Chief Executive Officer Doug Doerfler will present at the 2019 Jefferies London Healthcare Conference, to be held 20-21 November at the Waldorf Hilton Hotel.

The presentation will take place at 3:20 p.m. GMT on Thursday, 21 November, and will focus on MaxCyte's position at the forefront of the development of next generation cell-based medicines through its Life Sciences business and proprietary CARMA™ platform.

The presentation will be made available after the conference on the [Investor section](#) of MaxCyte's website.

About MaxCyte

MaxCyte is a clinical-stage global cell-based therapies and life sciences company applying its proprietary cell engineering platform to deliver the advances of cell-based medicine to patients with high unmet medical needs. MaxCyte is developing novel CARMA therapies for its own pipeline, with its first drug candidate in a Phase I clinical trial. CARMA is MaxCyte's mRNA-based proprietary therapeutic platform for autologous cell therapy for the treatment of solid cancers. In addition, through its life sciences business, MaxCyte leverages its Flow Electroporation Technology to enable its biopharmaceutical partners to advance the development of innovative medicines, particularly in cell therapy. MaxCyte has placed its flow electroporation instruments worldwide, including with all of the top ten global biopharmaceutical companies. The Company now has more than 80 partnered programme licenses in cell therapy with more than 45 licensed for clinical use, including six announced commercial licenses with aggregate potential milestones of more than \$450m. With its robust delivery technology platform, MaxCyte helps its partners to unlock the full potential of their

products. For more information, visit www.maxcyte.com.
